TOPICS

Genetic Genealogy Today: Review and Updates (1 session) A brief review of genetic genealogy basics such as the inheritance patterns of each type of DNA used for genealogy. This includes an introduction to some of the tools to be illustrated in later sessions.

Genetic Genealogy Company Comparisons (1/2 session) Information on how to choose a DNA testing company, the pros and cons of each company's offerings, and the tests available today.

Tools and Applications for mtDNA (1/2 session) Illustration of a real-life case study using the latest tools and techniques to analyze mitochondrial DNA (passed along the matrilineal line).

Tools and Applications for Y-DNA (1 session) Illustration of a real-life case study using the latest tools and techniques to analyze Y-DNA (passed along the patrilineal line).

Tools and Applications for atDNA (1 session) Illustration of a real-life case study using the latest tools and techniques to analyze autosomal DNA (inherited through all ancestral lines).

ABOUT DEBBIE PARKER WAYNE

Debbie Parker Wayne, CGSM, CGLSM, is a full-time, professional genealogist experienced using DNA analysis, as well as more traditional techniques, for genealogical research. Her DNA research focuses on client projects and on research into her own family project that includes YDNA, mtDNA, XDNA, and autosomal DNA studies. Her traditional research focuses on Texas, the Southwest, and the Southern U.S. She has performed research for genealogical television series such as the Canadian series *Ancestors in the Attic*, the PBS series *Finding Your Roots* with Henry Louis Gates Jr., and The Learning Channel's *Who Do You Think You Are?*.

Debbie is a Trustee for the BCG Education Fund, the Texas State Genealogical Society's DNA Project Chair, a former board member of the Association of Professional Genealogists (APG), and former president of the Lone Star Chapter of APG. Debbie has presented at NGS and FGS conferences, International Genetic Genealogy Conference, Family Tree DNA Project Administrator's Conference, Southern California Jamboree DNA Day, several genealogy institutes, and many genealogical societies in Texas and other states. Her publications include a column on using DNA analysis for genealogical research in NGS Magazine, a column on genetic genealogy in the Association of Professional Genealogists Quarterly, and award-winning articles in writing competitions held by the Dallas Genealogical Society and the International Society of Family History Writers and Editors.
